

Bootstrapping Innovation Worksheet

[Your Organization Name / Your Team Name if different]
[Enter a few brief words characterizing your vision and mission here]

Refer to our
[How To Guide for Bootstrapping Innovation™](#)

1. [Focus on Core Capability: Especially Collective IQ and Innovation Capacity](#)

- Focus on Customer Capability: [list your customers' capabilities which your products/services aim to improve]
- Focus on Our Capability: [briefly describe the core capabilities that would improve your team effectiveness]

2. [Engage your Innovators: The ABCs of Innovation Networks](#)

- [who might add value? Think in terms of customer and other stakeholder engagement, and Doug's ABC Model]

3. [Leverage your Collective IQ: Enhancing the Dynamic Knowledge Environment](#)

- [briefly describe your DKE enabling your team and network's ability to engage and work closely together; highlight your most enabling tools and practices, including core values, innovative methodologies, etc.]

4. [Walk your Talk: Bootstrapping Leverage](#)

- [if applicable: describe how your team or network uses its own products/services in its DKE to boost its own Collective IQ and innovation capacity; describe how you might package how you work/learn internally as a product/service]

5. [Push the Frontier: Accelerating Tool-Human Co-evolution](#)

- [describe how your team or network accelerates co-evolution of experimental tools and practices in its products/services, as well as in its DKE, out on the frontier; e.g. build-and-try, rapid-prototyping, put to operational use in customer pilots]
